P.E.A.C.E. Treasurer's Report for 2019

aka "2019 in numbers"

2019 was a massive year for PEACE. After the Christmas Calves rescue of 2018, the idea for PEACE came together quickly starting in January, and it has been an amazing journey ever since. We have had the good fortune of meeting so many wonderful individuals, both [animals finding their new homes](#), new animal friends at those homes, and the many humans taking care of them, that it's hard to try and capture that all in one place! So I thought we might do a "2019 in numbers" to give a bit of a glimpse of the year.
